

DE MARK

A THOUGHTFUL APPROACH

At De Mark, the seasons lead, and vegetables often take center stage. We cook with what is fresh and nearby from local farms, our gardens, and producers who share our respect for the land. Every ingredient is a conscious choice, selected for its quality and origin. Wines and drinks follow the same thinking: from thoughtful European producers.

We use woodfire to grill, smoke, and slow cook. We ferment and pickle to preserve. The result? Unpretentious dishes created from local ingredients that simply taste good.

We compost scraps, cut waste, and don't just reduce impact, we rethink it. We generate our own electricity, recycle water, are fully gasless and Green Globe Certified, to name a few.

De Mark is craft, curiosity, and care. No secret sauce, just honest food, relaxed hospitality, and respect.
